Rated 4 out of 5 by Shano from Great Printer The battery lasts 12 hours and prints clearly. Works with IPADs. Sometimes information doesn't get sent from IPAD which can be annoying and have to forget the device and pair it again. Not sure if it's the IPAD or the Printer. Other than that it is brilliant.

But you're in luck. As it turns out, the PM2.5 particles can be filtered out of the air with the right type of filter. After my article on indoor air pollutants, I wrote about filters and even included a nice chart from my friend John Semmelhack. It shows the percent of different size particles trapped by filters with different MERV ratings.

The Unintended Consequences of High-MERV Filters - Energy ...
