Time up to now We use the present perfect to talk about time up to now, that is, events that took place in the past but which connect with the present.

### **PAST | meaning in the Cambridge English Dictionary**

The past is the set of all events that occurred before a given point in time. The past is contrasted with and defined by the present and the future. The concept of the past is derived from the linear fashion in which human observers experience time, and is accessed through memory and recollection. In addition, human beings have recorded the past since the advent of written language.
